AN OPEN LETTER TO ROB KUMER, CEO OF KINGSETT CAPITAL

Mr. Kumer:

You will be aware that the property your company now owns at 214-230 Sherbourne has sat vacant for some 18 years. This is happening in a community that is in desperate need of housing that meets its needs.

We consider it a shame and disgrace that such a state of affairs drags on year after year and we hold you accountable for the fact that it is continuing with no end in sight. As far as we are concerned this location is part of the Downtown East community and it should be utilized as such.

In order to emphasize this, we have decided to put the vacant site to good use on June 13. Shortly after 2.00 on that day, members of the local community will be marching there with the intention of using it to watch one of the FIFA World Cup matches that will be taking place at that time.

We are, therefore, asking of you that you make the appropriate arrangements to ensure that the community has access to the site on June 13. We are, of course, ready to discuss this matter with you ahead of time and to respond to any concerns you may have. We do, however, intend to proceed with our event and trust that we will meet with a favourable response and your full co-operation.

Yours truly,
